Dear Sir:

In response to your mail dated April 6, 2007, I agree to elect my invention as "claim 1, drawn to an ultraviolet method for sterilizing air, classified in class 422..."

In the same time I agree to abandon the claims that "drawn to an ultraviolet apparatus for sterilizing liquids," for example, for sterilizing drinking water.

I am so sorry that my application gives you a serious burden. I hope this statement can release part of it.

If there is any thing I have to do, please let me know. And if possible, would you also use email to communicate with me as I always travel away from home.

Yours truly,

A handwritten signature in black ink, appearing to be "Michael Liang", with a long horizontal line extending to the right.

Michael Liang

Enclosure: copy of your letter.
